

№ 05-24/328

dd «23» May 2024

Potential suppliers

LLC "TOSHKENT METALLURGIYA ZAVODI" (TMZ), a major manufacturer of hot galvanized steel rolls with polymer coating using "Coil Coating" technology in the Republic of Uzbekistan, invites you to take a part in the competitive procedure for selecting a supplier of paint and varnish materials for the 2nd half of 2024.

The planned production volume of hot galvanized steel rolls with a polymer coating according to the production plan for 2024 is on average 12 thousand tons per month, respectively, the projected consumption plan for 6 months will be 2,200 tons. The main products consumed are polyester primer, back enamel, polyester topcoat and textured polyester topcoat.

The expected plan for the consumption of paints and varnishes in the context of RAL products (6 main RAL colors, 3 auxiliary RAL colors, as well as other colors), technical specifications with requirements for paints and varnishes, as well as the parameters of the polymer coating unit are given in the appendix to this letter.

Please send your commercial offer for the competition according to the corresponding tender lot № 022 dated May 23, 2024, displayed on the official website of the company xarid.tashkentsteel.uz in accordance with the specified terms of the competition (there is NO need to send a commercial offer directly to the purchasing manager, however, it is necessary to notify about the download of the commercial offer on the website).

The commercial offer must contain the following information:

- Price per 1kg / currency (for each requested product);
- Payment terms;
- Delivery terms (preferably with DAP Tashkent delivery, TMZ plant);
- Standard (average) production and delivery time;
- Manufacturer's name. Country of manufacture;
- Production capacity of the coatings site per year/ton;
- Reference for supplies of coatings to metallurgical plants (volume of supplies 2022 - 2023 with a breakdown by type of product);

Note:

- TMZ reserves the right to distribute volumes to the winning suppliers based on the expected results of the tender procedure, depending on the commercial conditions provided. In this regard, a potential supplier has the right to provide several levels of price offer depending on the total volume of TMZ purchases for the corresponding period (for example, purchase in 6 months);
- A commercial offer must be provided for all requested products and RAL colors listed in the request. TMZ, further, based on market conditions and receipt of requests from consumers with approved suppliers, can work on new products / new RAL colors;
- potential participants of this competition who are not approved suppliers of paints and varnishes for TMZ at the time of this competition must necessarily undergo the supplier approval procedure (stage 1 - laboratory tests, stage 2 – joint pilot tests, stage 3 – inclusion of the supplier in the register of approved suppliers and admission to regular deliveries);
- if necessary, TMZ reserves the right to extend the validity period of the lot and/or announce the 2nd stage to receive price offers, which the participants of the competition will also be notified by e-mail;

Applications:

- Appendix No. 1 "Plan for the purchase of paints and varnishes for 2024"
